

DEAR GUEST

To use our treatments, you need to **make an appointment in advance**, which can be done at the wellness reception or by emailing wellness@gere.hu.

Please **ensure that you arrive** on time for your appointments. If you are late, the time of the service may be reduced (if possible). In all cases, the cost of the service will be charged to your room account.

It is possible to change the time and type of the service until the day before the treatment. If the change is made on the day of the treatment, HUF 1000 will be charged. It is possible to cancel the service until the day before the treatment without charges. In case of cancellation on the day of the treatment 50% of the price of the treatment will be charged, in case of cancellation 1 hour before the beginning of the treatment or in case of no-show 100% of the price of the treatment will be charged.

Our prices comply with EU standards, meant in HUF and incl. VAT.

FACE TREATMENTS

ANDREA GERE

SKIN CARE

The activity of the stem cells in the human skin decreases with age and the skin loses its firmness. However, plant stem cells enable the skin's stem cells to carry out their renewal and regeneration function as efficiently as possible, resulting in a visible improvement in the skin's appearance. Regular use of grape-based cosmetics made with ingredients from the Gere organic estate helps to renew the skin, regenerate damaged tissues and maintain cell viability. Thanks to their unique skin rejuvenating effect, grape seed oil and Solar Vitis blue grape stem cells extracted in Switzerland using the PhytoCellTec process effectively protect your skin from aging processes, external and internal harmful effects, especially from stress caused by UV radiation.

Waxing	from 2.300 HUF

SILKY TOUCH manicure with paraffin (30 minutes) 10.900 HUF

A pleasant paraffin bath for the hands, after which the dry skin becomes smoother and more elastic. In addition to its **nourishing** and **moisturizing** effect, it prevents the telltale signs of aging of the hands, making the skin full of youth.

CROCUS BODYPEELING

MAJESTIC SOFTNESS body scrub with ground grape seed (30 minutes) 13.500 HUF

This pampering exfoliation is performed with Gere's own grape seed powder and grape seed oil, which makes the skin smoother, silkier and more flexible. It activates collagen and elastin production, as well as real refreshment and renewal of the skin.

(Peeling: 20 minutes; extra time for showering: 10 minutes)

SKIN RENEWAL coffee bean cocoa butter body scrub (minutes) 13.500 HUF

We have combined the beneficial properties of cocoa butter with the stimulating effect of high quality coffee. Cocoa butter leaves your skin silky and fresh. The coffee bean removes the dead skin layer and the caffeine absorbed from it energizes your skin.

(Peeling: 20 minutes; extra time for showering: 10 minutes)

CROCUS MASSAGES

Special Crocus face- and body massages:

We use the wines and grape seed oil of our GERE Estate for the massages. The oil made from the seeds of ripe and selected organic blue grapes is rich in vitamin E, antioxidants and polyphenols, thereby hydrating and regenerating the skin and strengthening collagen fibers.

SALT THERAPY

Relaxing salt bed (45 minutes)

9.900 HUF/person

Salt is one of the most important elements in the composition of our body. The combination of salt mist and salt bed improves the feeling of health. When we heat the salt, it becomes drier and its kinetic energy increases. This hot, truly pure natrium chloride is sprayed into the air in the form of micron particles and penetrates the skin and respiratory system, where it absorbs and removes the unnecessary allergens and toxins inhaled from the air. During the therapy, you lie on a bed of salt heated to a pleasant 32-38°C, which perfectly conforms to the shape of your body, allowing you to relax undisturbed as your muscles relax. This allows you to rest undisturbed while your muscles relax. After the treatment, you'll feel fresh and full of energy.

Our salt relaxation room is suitable for 2 people. You can make an appointment at the Wellness Reception at least 3 hours in advance.

Relaxation salt room (45 minutes)

6.500 HUF/person

Salt therapy helps to reduce stress, has a calming effect on the autonomic nervous system, has a beneficial effect on respiratory diseases and increases the body's resistance to infection. **The ionised air in a salt room is free of allergenic substances.** It is specifically recommended for asthma patients. The temperature of the room is 20-21 °C, so we recommend that you dress accordingly. We provide blankets for relaxation.

We kindly ask you to come to the **salt therapy** in **dry clothes** and **slippers**. It is not a private place - maximum 6 people can stay inside.
